Greek Week

Scholar's Bowl-First Place-Sigma Phi Epsilon

This year's Greek Week proved to be one of the more successful—especially financially.

Nitty Gritty Dirt Band, the annual Scholar's Bowl, dance at the Rink, Col. Smucker's film festival, and sorority and housemother bridge tournaments offered a full week of activities.

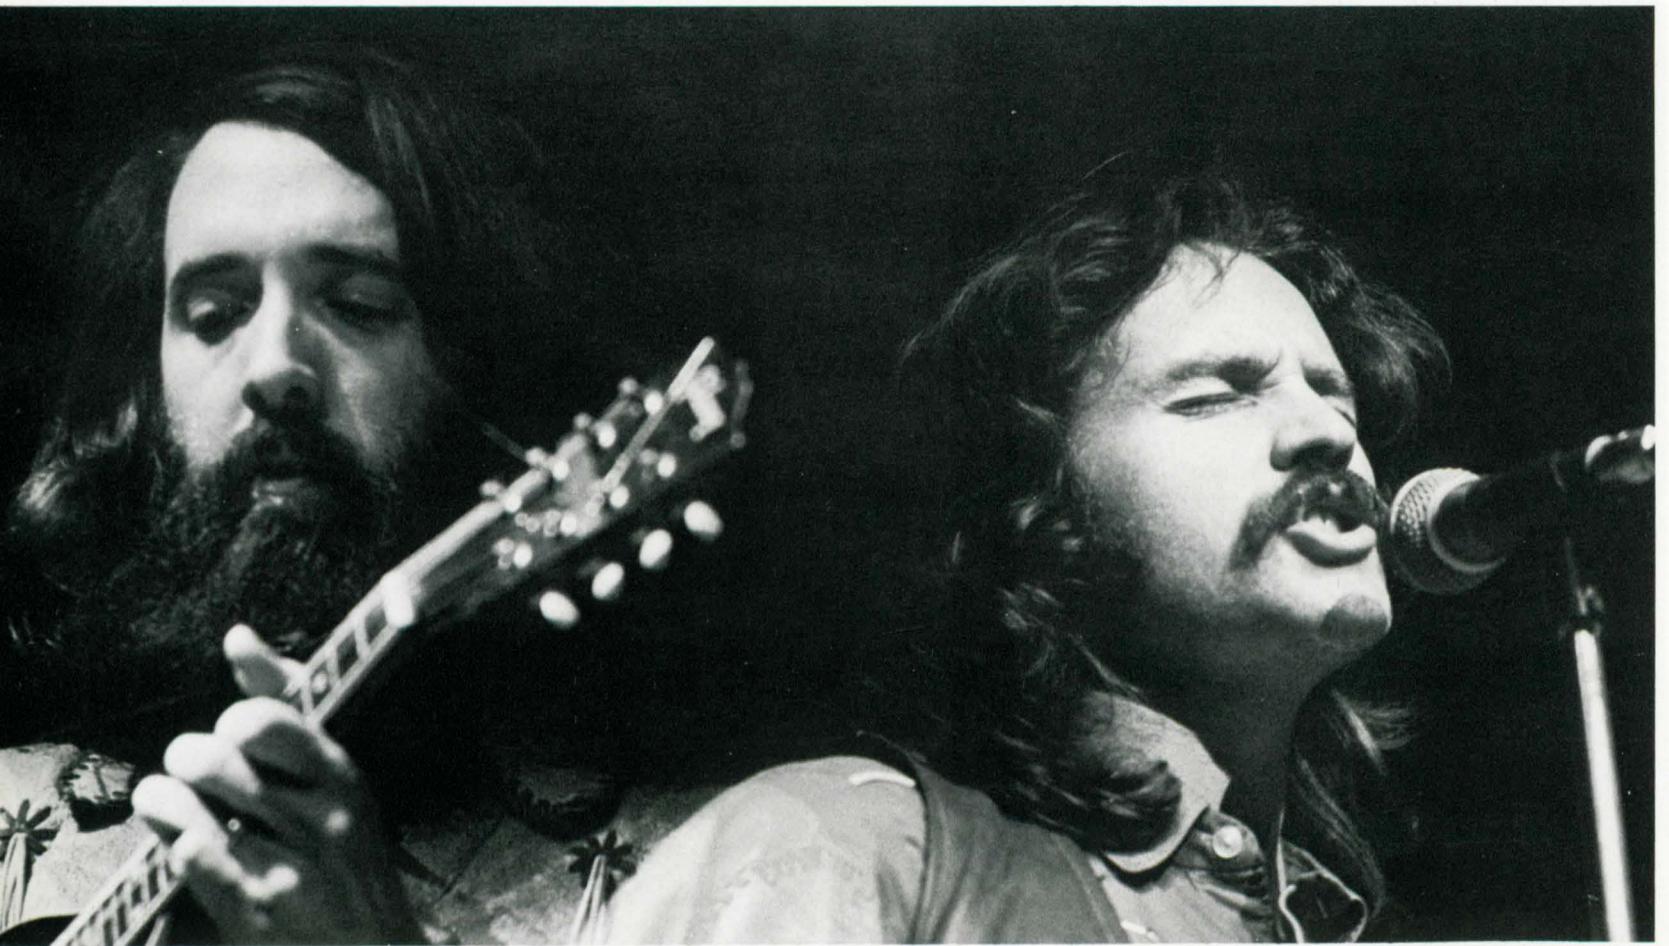

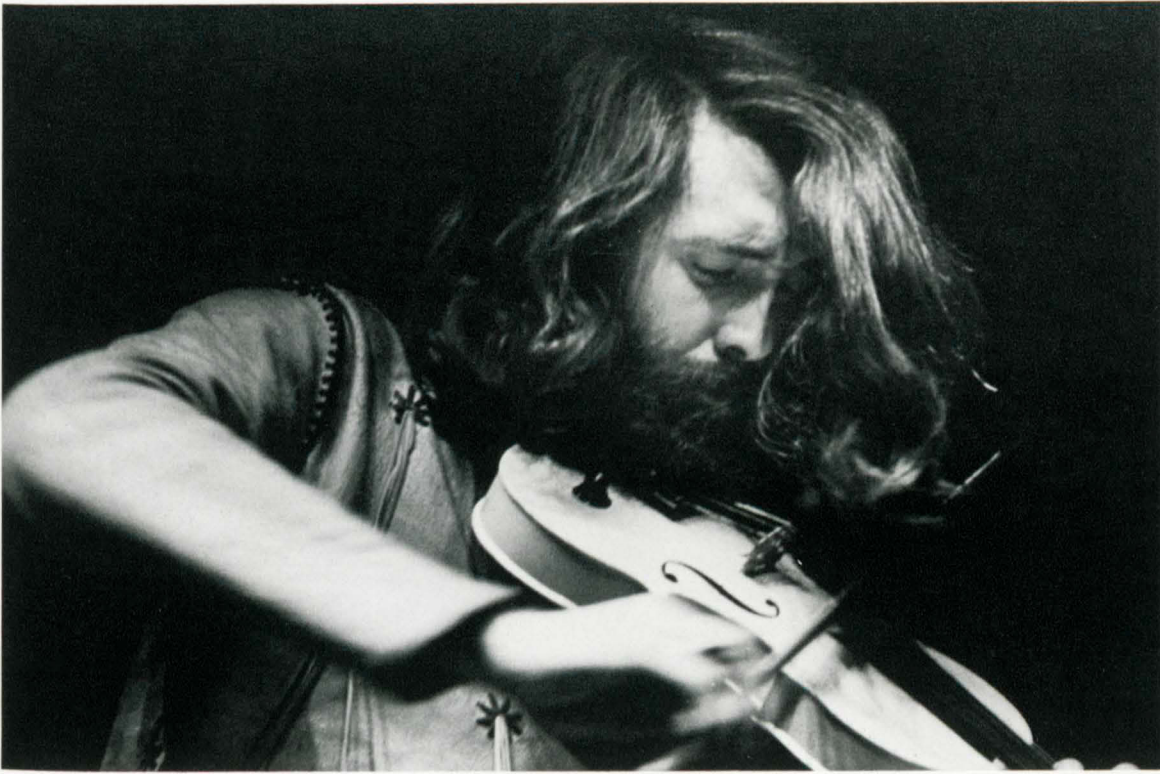

Scholar's Bowl Runner-up Delta Gamma—the first time a sorority has placed in this "Battle of the Brains."

Ted Boswell, candidate for U.S. Senate

Voting is a rare privilege that we should all cherish and practice.

It took many years for us to get the opportunity to voice our opinions; so, if you are not registered, please do so.

The security of this country now rests in our hands as well as our parents. It is now up to us to help plan and develop our country's future.

If we don't take advantage of this new opportunity, then we might as well not have it. Vote!!!!!!!!!!!!

WHO'S WHO

This year saw Student Senate and the Razorback jointly sponsor the selection of Who's Who in American Colleges and Universities. A committee of eleven students and a representative from the Division of Student Affairs screened all applicants and selected thirty-three students as deserving of the honor.

In this the Centennial year of the University of Arkansas, we of the Razorback staff think it appropriate to look back through past Who's Who selections and see how they have fared since graduation. In canvassing back editions of the Razorbacks, we found the following state figures who were selected for Who's Who as undergraduates:

Senator William J. Fulbright was selected in 1923, the year that Who's Who was started at the U of A.

Lt. Governor Bob Riley, former governor Sid McMath, and Arkansas Supreme Court Judge Frank Holt were all listed among Who's Who. In addition, Representative David Pryor, Attorney General Ray Thornton and U of A Athletic Director George Cole made the list.

Politicians were not the only ones selected as Wear Schoonover, Arkansas' first All-American football player, received the recognition. Dallas Cowboy Lance Alworth and Miss America 1964, Donna Axum, were selected.

Who's Who is recognized nationally as one of the highest honors that a student may receive.

California

Despite a slow start, the 1971 SUPER HOGS defied all pre-season predictions and showed mid-season poise as they routed the California Golden Bears 51-20 in the season debut. Playing before a capacity crowd of 54,000, seven Porkers broke into the scoring column and Frank Broyles became the head coach with the longest tenure in Arkansas football history.

OSU

A young Oklahoma State team came seeking revenge from the Razorbacks, but were overpowered by the Big Red offense. The Porkers accumulated over 500 yards to win 31-10.

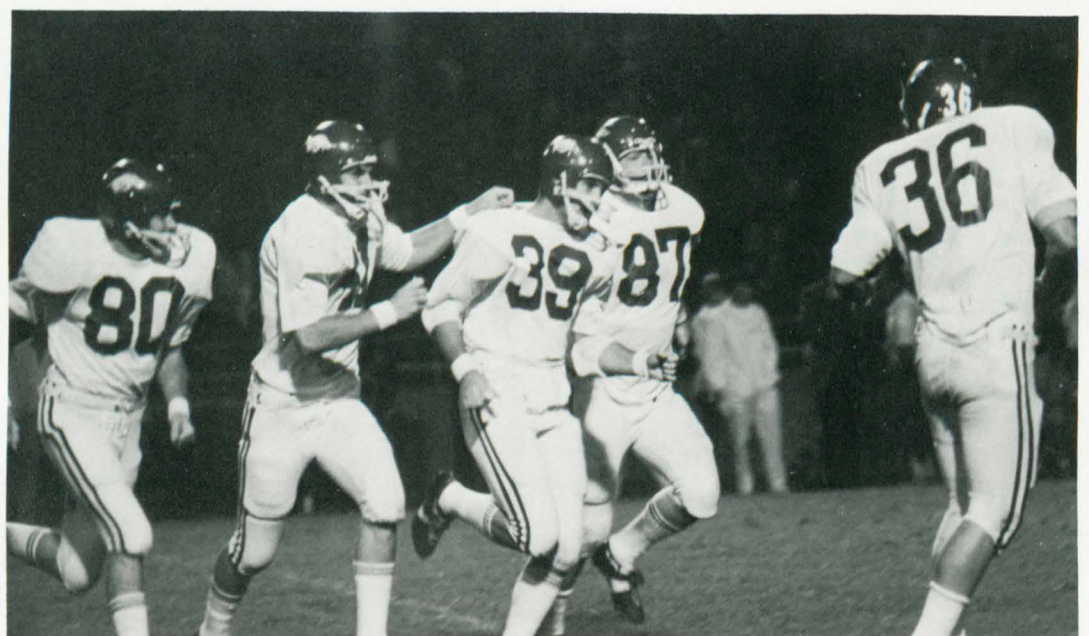

TCU

The Horned Frogs fell victim to the Porker come-back victory, 49-15. The Clean Machine grabbed revenge from last week by taking the opening kickoff and marching for a TD.

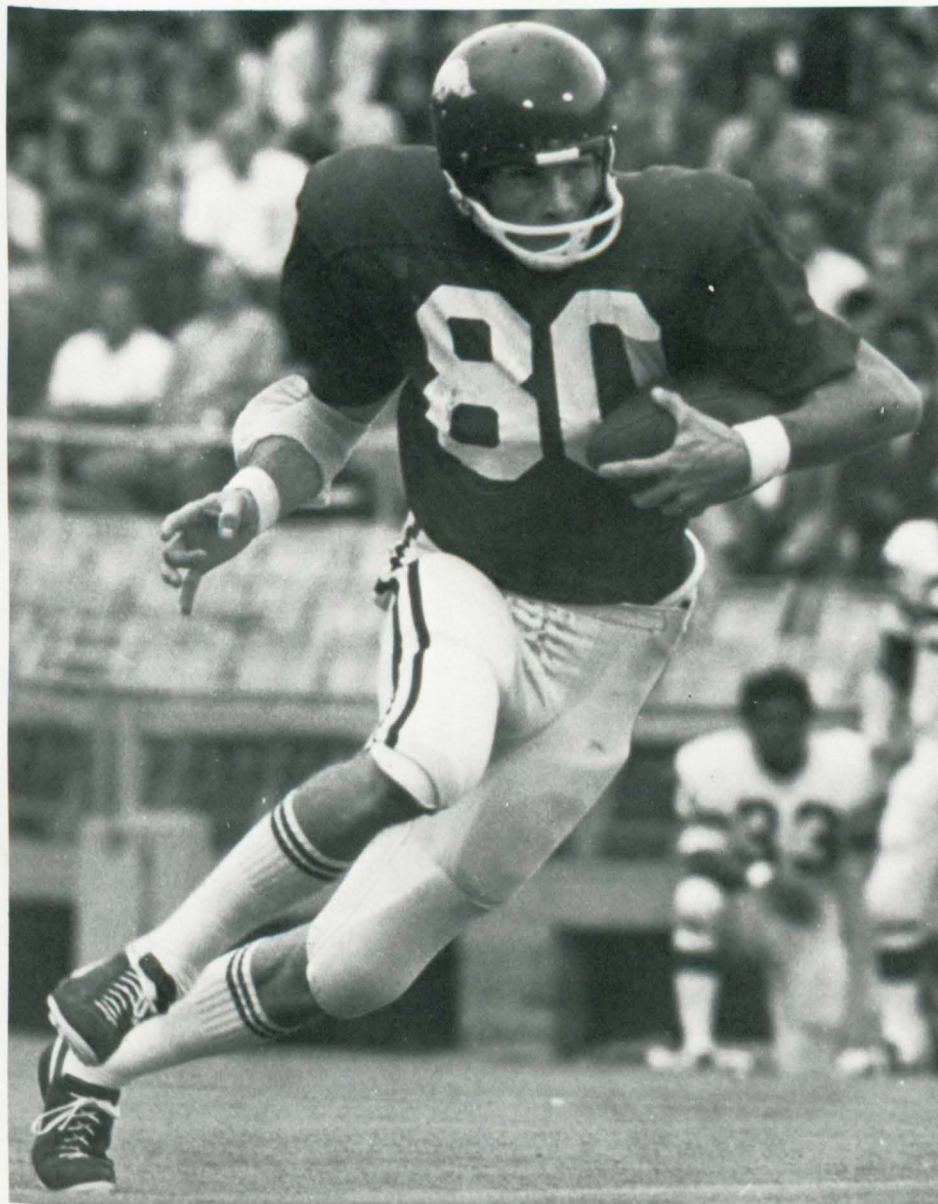

Baylor

The Razorbacks, as well as their fans, dominated the pre-Texas warm-up against the Baylor Bears. Ferguson and Reppond teamed up for two scoring bombs early in the first quarter. The greedy Hog defense stole five passes and won 35-7.

NTSU

The "Mean Green" Eagles of North Texas had illusions of an upset for two quarters, but were finally overtaken by the Razorbacks running game and beaten soundly 60-21. Despite the record number of turnovers in the game, the Hog's Joe Ferguson, Jack Morris, and Mike Saint managed to break three school records.

Joe Ferguson rewrote Razorback passing records as he completed 31 of 51 attempts for 345 yards in a disappointing effort against the Texas Aggies. Despite this aerial show, a hard-hitting Aggie defense led Texas A&M to a stunning 17-9 victory over the Hogs.

Rice

Playing on foreign turf for only the second time this season, the Hogs encountered a tough battle with the Rice Owls and had to call on Super-kicker Bill McClard for a 31-yard field goal with two seconds remaining to salvage a tie. After losing a fumble on the Owl two yard line in the closing minutes, Cotton Bowl hopes diminished completely until McClard came in to tie the game at 24-24.

SMU

Outnumbering the SMU supporters, some 17,000 Hog fans invaded the Cotton Bowl and rooted the Razorbacks to an 18-13 come-from-behind victory over the mustangs. A regional television audience watched an explosive fourth quarter offense, sparked by Mike Reppond and Dicky Morton, drive 80 yards in 8 plays to capture the victory in the closing minutes of the game.

Texas Tech

A tough Arkansas defense showed its maturity and shut out the Texas Tech Red Raiders for the only goose-egg of the season. Razorback Super-Subs Walter Nelson and Mike Saint led the offense to cover 400 total yards against one of the stingiest defenses in the nation, as a sell-out Homecoming crowd watched the Hogs ground out a 15-0 victory in the season finale.

Texas

In the pouring rain and before a national television audience, the Super Hogs grabbed "Revenge at the Rock" by beating the Hell out of Texas 31-7. Led by the "Clean Machine," the Razorbacks outclassed the Longhorns to capture a long awaited victory.

"Give Us Liberty and the Referee Death"

Playing before a first-time sell-out crowd in the Liberty Bowl at Memphis, the Razorbacks battled the Tennessee Volunteers for the first time since 1907. A stingy Hog defense came up with the big play time and time again as Ferguson and company completely dominated the game in statistics and time of possession. In the final minutes, however, two disputed calls against the Hogs, including a holding penalty and a supposedly Vol recovered fumble, turned sweet victory into agonizing defeat.

Runnin' Razorbacks

Many things can be said about the 1972 Runnin' Razorbacks. They caused excitement; they gave the referees a job, although the refs didn't seem to appreciate the work. They played hard, but it was in vain, as they finished the season without a winning record.

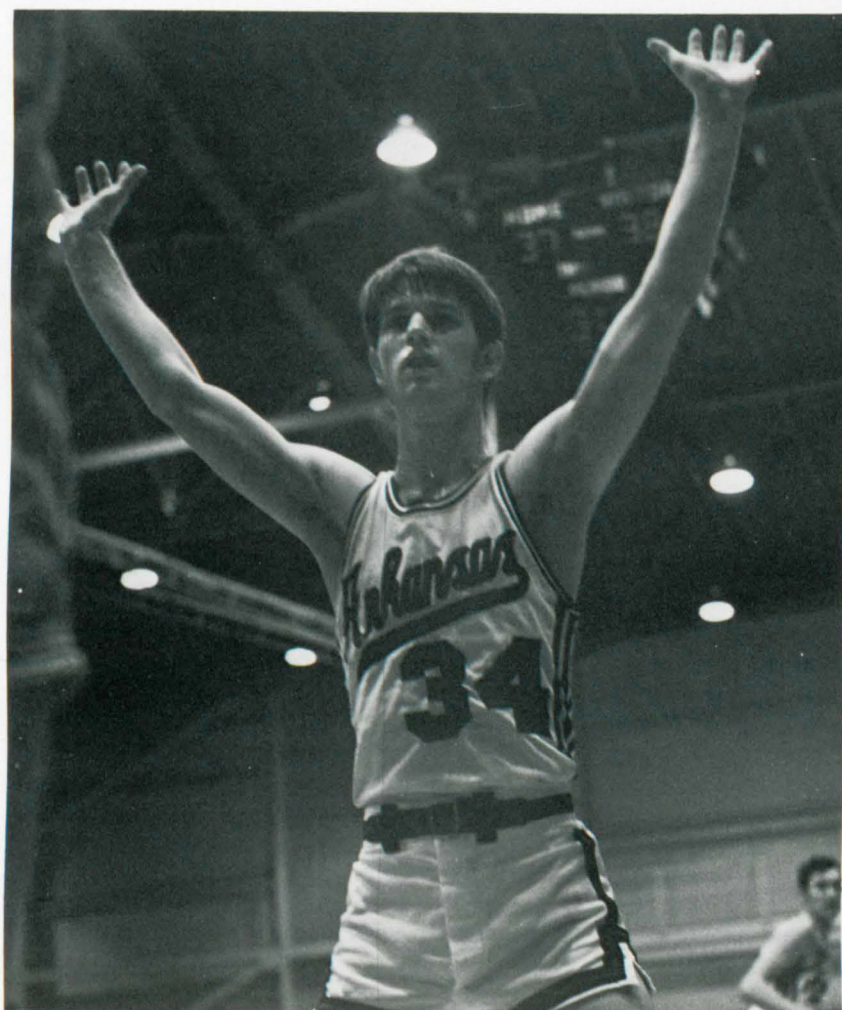

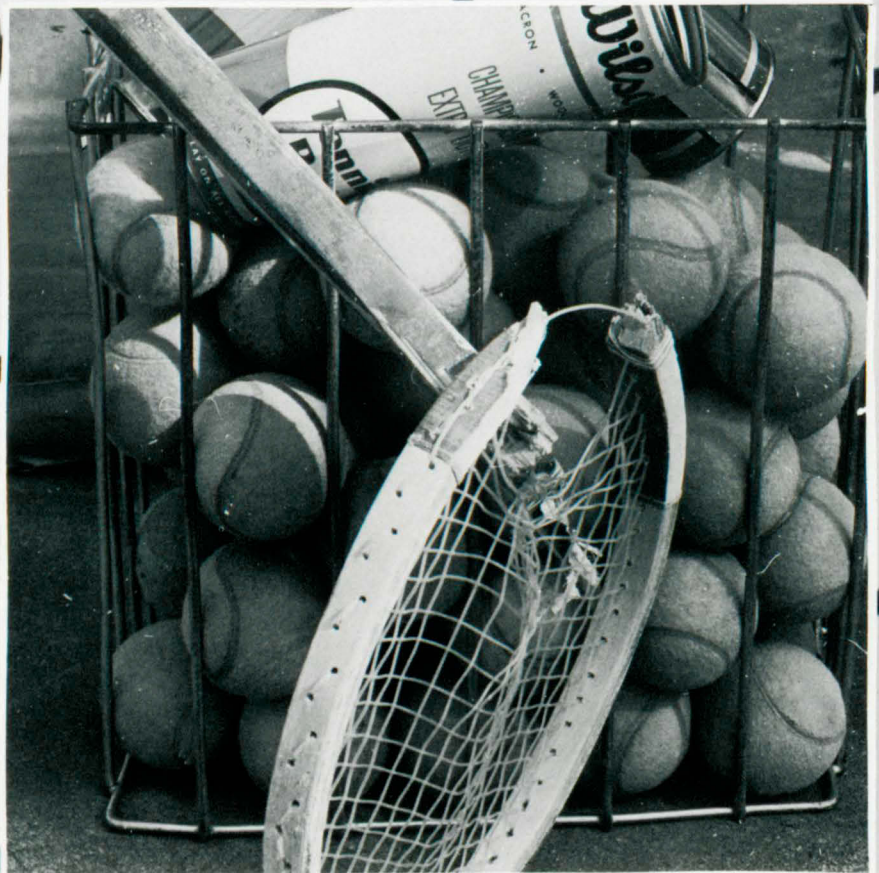

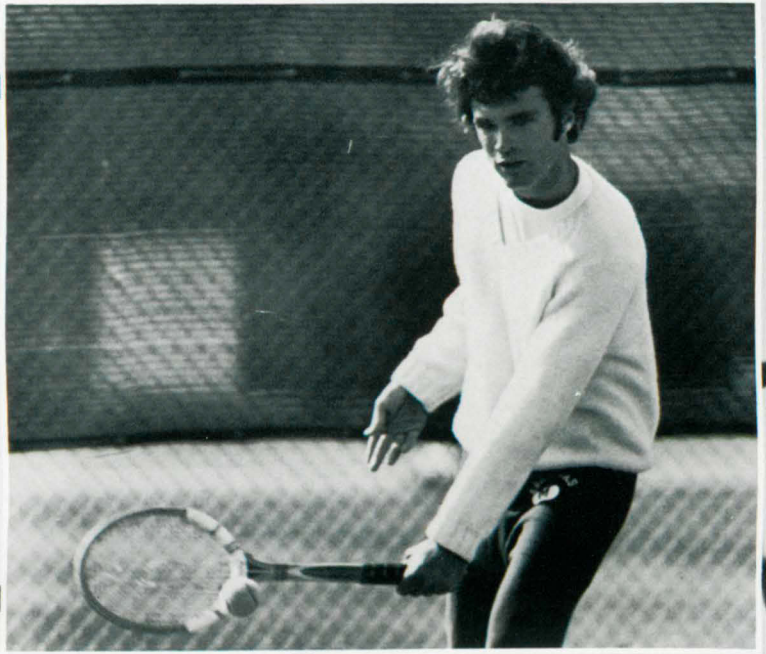

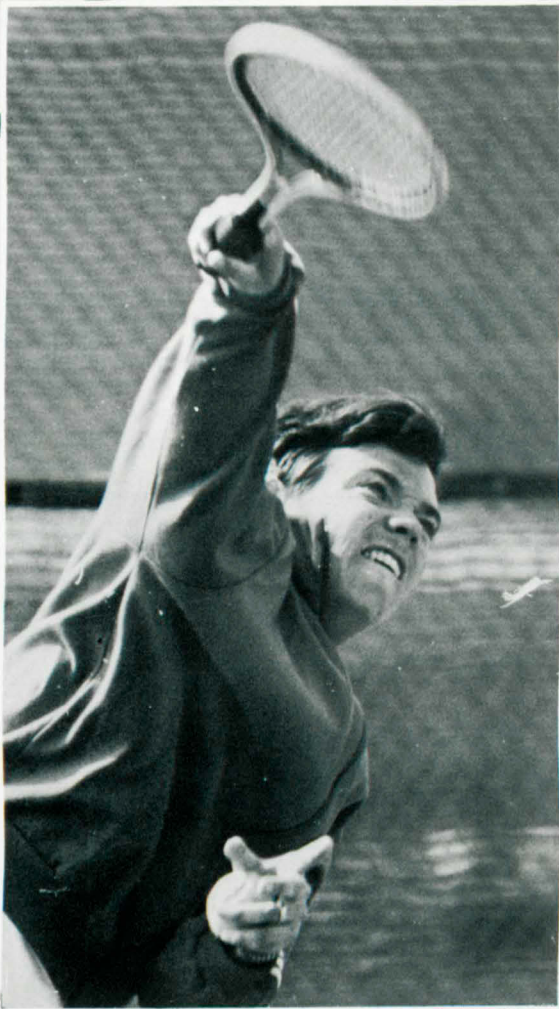

Surprises. Everyone loves them and the basketball team gave the fans their share of surprises this season. They upset SMU and continued to lose the smaller games, if any can be considered small; they gave a fight and everyone came; and Martin Terry and company continued to break records.

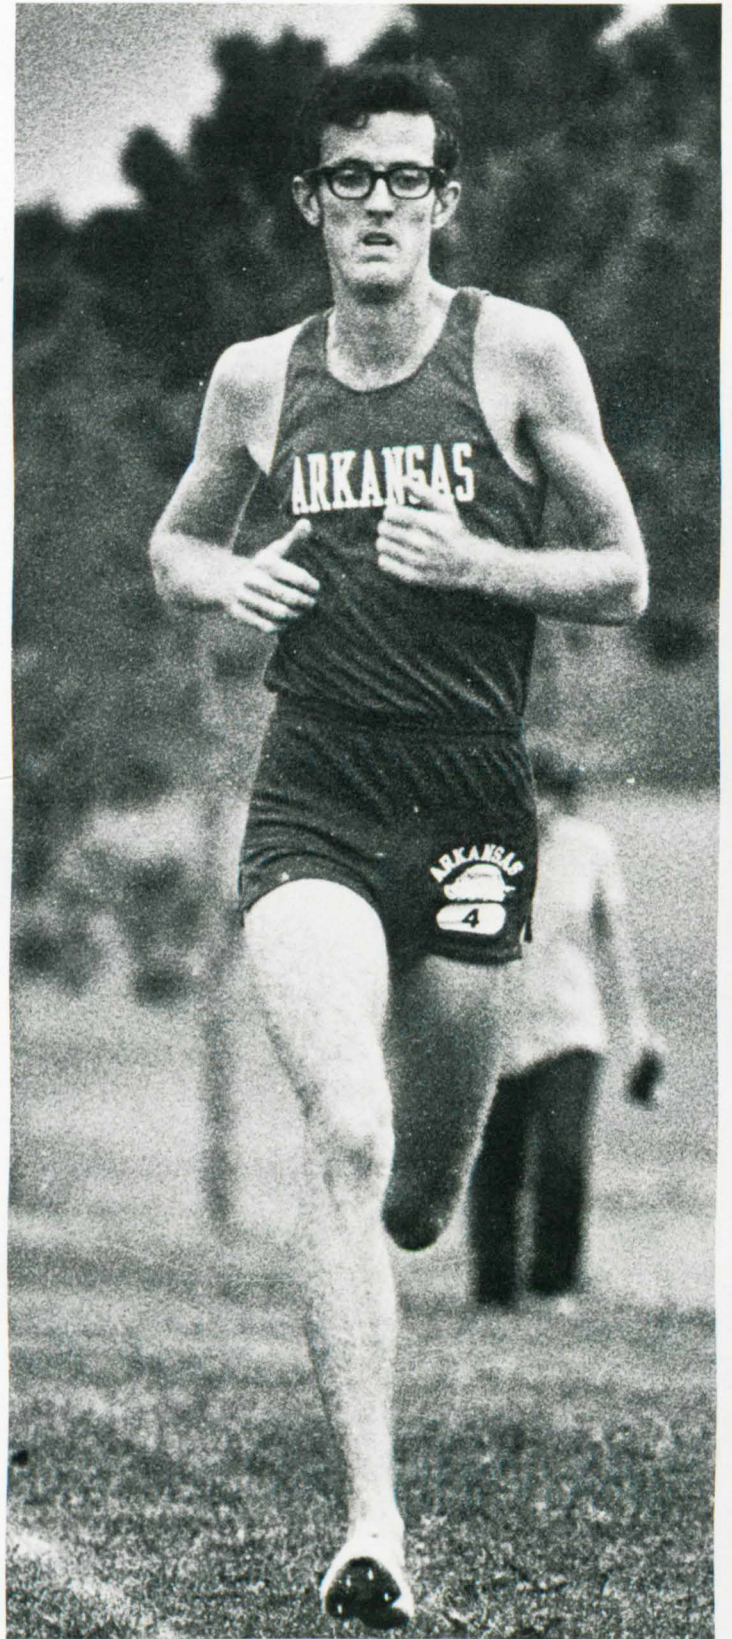

Tennis

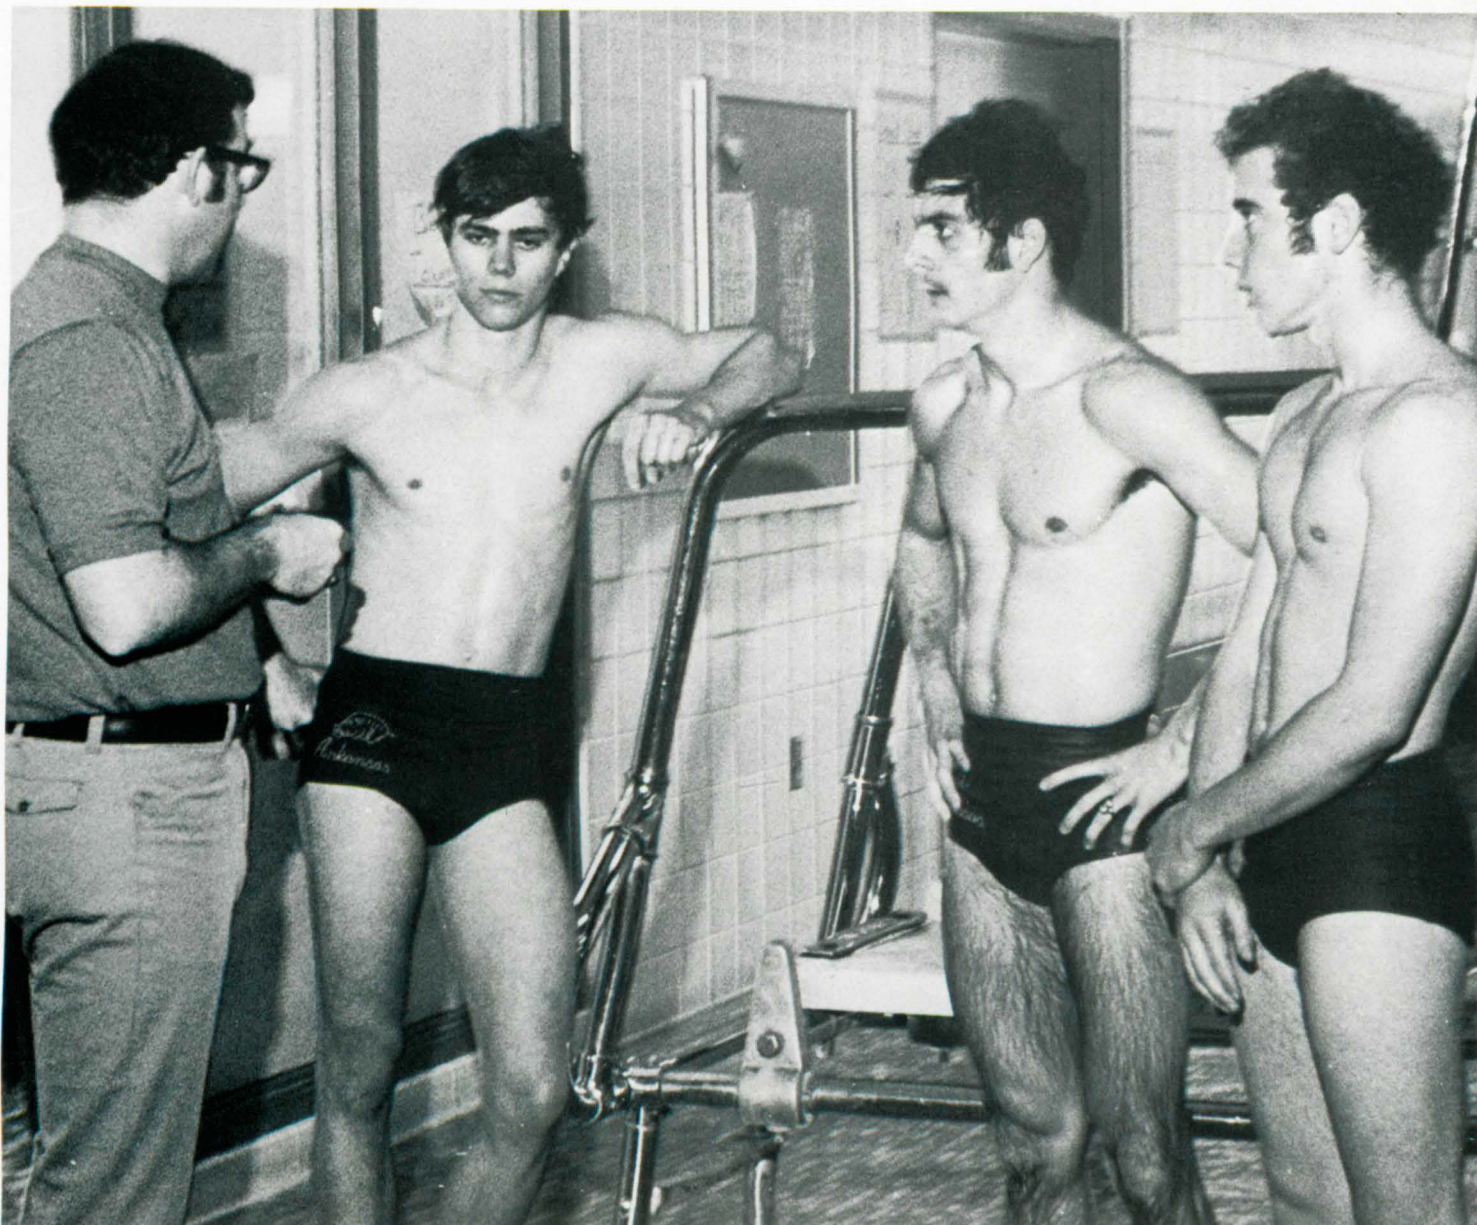

Golf

Track and Cross-Country

The Razorback swimmers, coached by Ed Fedosky and the divers coached by Bill Ratliff, managed to finish fourth this year in the Southwest Conference. This was the teams poorest finish in the past three seasons.

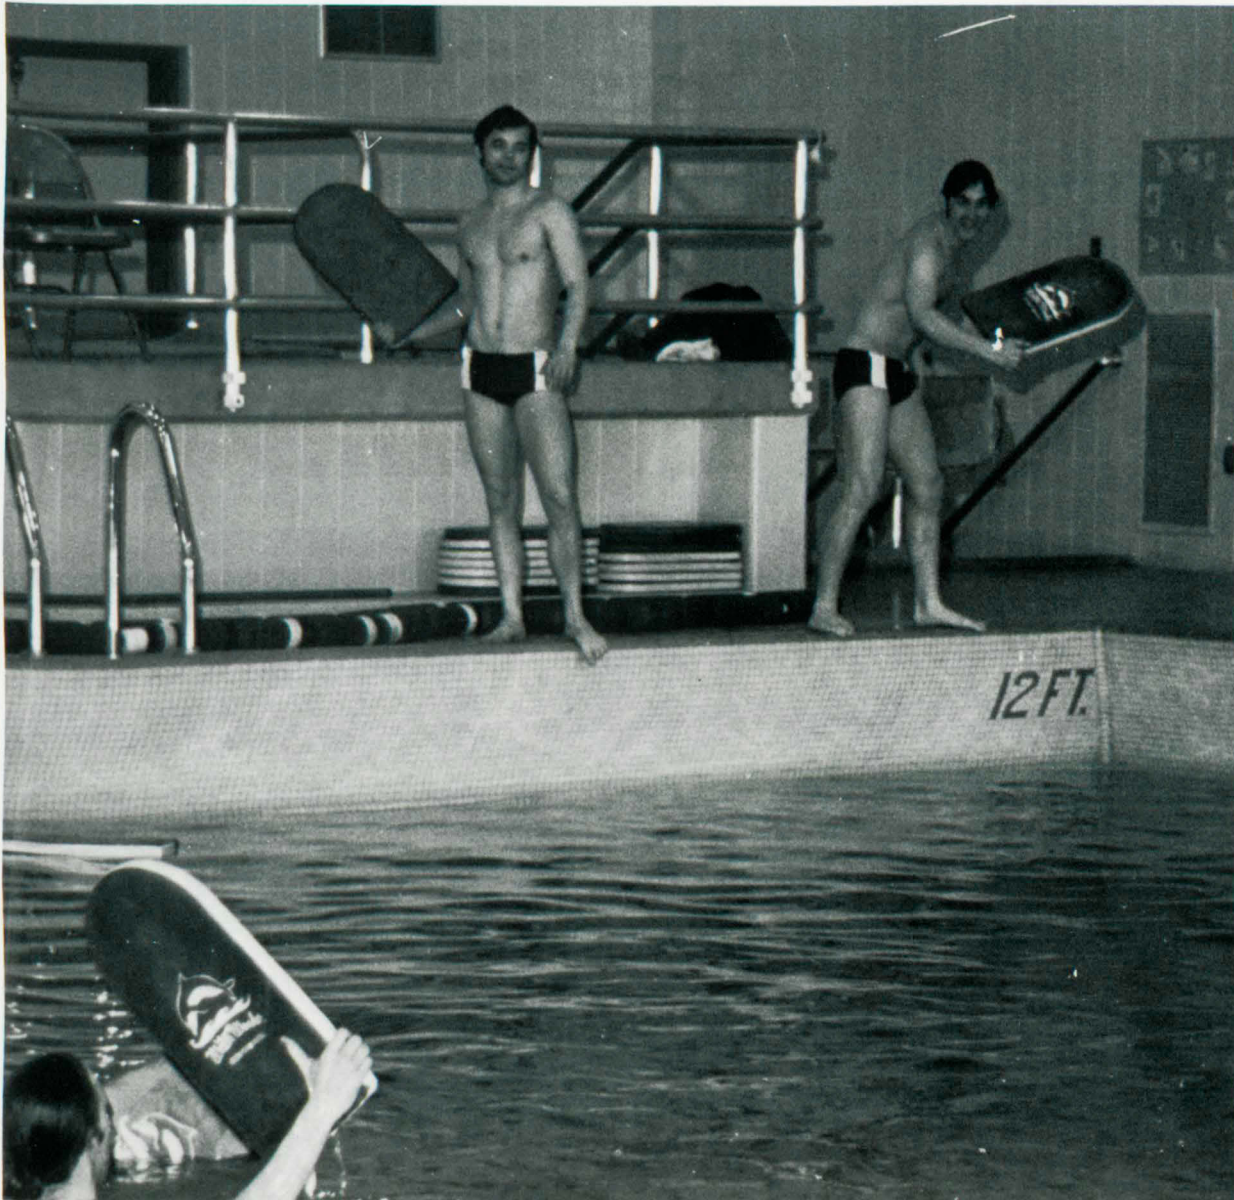

Although their conference record was not the best, the team qualified for the nationals in the one-meter and three-meter diving, the 100 yard breast stroke, the 100 yard butterfly, and the 400 yard freestyle relay team.

The squad finished the regular season with a 6-3 record in dual competition and included last second victories over Oklahoma State/and Oklahoma.

Members of the team include Vernon Smith, Richard Raybuck, Dick Ferris, Hugh Hoffman, Jerry Shannon, Rick Wery, Terry Kingan, Tom Proctor, Gary Isackson, Chris Sweet, Dennis Cyr, and Scott Agee.

There are those amoral, notorious, but extremely talented few who seem always to shape our secret thinking, the sort of clothes we wear, our sexual attitudes, the lives most of us wish we led. In Memorium Joseph Thalheimer

(1901 - 1971)

I can. It was Joe Thalheimer, puffing on his pipe and demanding more facts and less passion from a young man who thought that hot conviction could substitute for cold research...with a few dispassionate words he forced me in anger to attemp that most difficult of intellectual imperatives: know thyself."

This was Joe Thalheimer as remembered by former students and old friends who treasured him; competent, dedicated, concerned for his students and freinds- and blessed with the gift of laughter.

When this friend for all seasons left us in death a few short months ago, he passed with highest marks the sternest test of man on this earth: for much of what he was remains as the timeless testament of a good and faithful companion while he dwelt among us.

"Lefty" Hawkins
Editor, RAZORBACK 1938

Let the record show that he was a former chairman of the Department of Journalism. To those who will recall, he was the "Mister Chips of Journalism"; some like to remember him as "Smokey Joe."

Perhaps Joe was all of this—yet to some he was even more. He was a quiet man, comfortable to be around. Many who knew him well are in accord as to the quality of his friendship. It was lasting—like a soft garment that fits in all the right places, warming you without a smothering embrace.

There was a deeper quality, too. Bern Keating, a nationally known writer with 20 books and scores of articles in best magazines to his credit, expressed it especially well. Looking back a quarter of a century he said: "Rarely can a man of my years remember who it was who stood at the turning point of his development.

Today's ROTC cadet is tomorrow's leader, both within the military and in the civilian community. Tasks become increasingly more difficult and decisions more profound. The Army ROTC cadet accepts this challenge and dedicates himself to the premise that placed in him is a "special trust and confidence in the patriotism, valor, fidelity and ability" to lead his fellow man and his country. The nation, this state, and this University can well be proud of them and be assured of their capabilities and service in the years to come.

To be a member of the Ranger Platoon, a man must be proficient in tactics, and more importantly, he must be a leader. After undergoing a physical combat proficiency test and a combat water survival test, Rangers receive training designed to raise their tactical efficiency, including hand to hand combat, scuba diving, patrolling, survival, land navigation, guerilla warfare and rappelling.

From field training exercises to precision exhibition drill, *Pershing Rifles Company D-7* teaches its members to set the example. The purpose of the company is to provide cadets with more individual training and opportunities to develop their leadership capabilities. D-7

greatly expanded its tactical program as well as maintaining an exhibition drill team and rifle team. The company participated in many drill meets and parades including a revised pledge program.

Cadets enrolled in Air Force ROTC make up a cross-section of the student body. Many cadets hold other leadership positions in fraternities and other campus organizations. Corps training is cadet planned and operated. The cadet finds the leadership training opportunities open to him through AFROTC helpful as he pursues his overall college program. There is a definite place for today's campus leaders in tomorrow's Air Force.

Vietnam

Veterans

Objectives:

1. To demand in immediate cessation of fighting and the withdrawal of all American troops from Indochina.
2. To demand Congress enact legislation for the immediate termination of all funds being utilized by the U.S. government, it allies and the C.I.A. to support their illegal operations in Latin America, Africa, China, Europe, and the countries of Vietnam, Cambodia, Laos, and Thailand.
3. To demonstrate that our military tactics dehumanize soldiers and to make clear the U.S. government is prosecuting an illegal, unjust and immoral war in Indochina.
4. To show Americans that their society is structured by a racism which lets us view all non-whites as less than human.
5. To make clear that the U.S. has never undertaken an extensive open investigation of American war crimes in Indochina.

Against the War

6. To demand that all active-duty servicemen and women be afforded the rights as citizens that are guaranteed by the U.S. Constitution and Bill of Rights that are presently denied them by the Uniform Code of Military Justice.

7. To support all military personnel refusing to serve in wars of aggression at home and abroad.

8. To demand immediate legislation to provide proper care and services for all veterans in V.A. hospitals; to make available job training and placement for every returning veteran; and to provide the funds and means necessary for their educational and vocational endeavors.

9. To affirm that the membership is not only concerned with ending this war, but changing the domestic social, political, and economic institutions that have caused and permitted the continuance of war.

The 1972 RAZORBACK was printed by offset lithography and bound by THE AMERICAN YEARBOOK COMPANY of Visalia, California. Printing plates were made from negatives utilizing a 150-line gray contact screen. The individual studio portraits were made by RAPPOPORT STUDIOS, New York, New York. The endsheets were printed on Simpson Lee 65 Lb. Ivory Telemark cover paper. The opening gatefold section was printed on Simpson Lee 70 Lb Ivory Telemark text paper. The rest of the book is printed on Warren's 80 LB. Lustro Dull. Body copy was set in 12 point Optima, the cutlines were set in 8 point Optima Italics, and the heads were set in 30 point Melior. The introduction and division pages were designed by John Atkinson. The cover was designed by John Atkinson and Larry Logan.

From the Editor

I must confess that I write these closing words with mixed emotions about my experience as editor of the yearbook. The editor of a UofA student publication almost inadvertently inherits a host of enemies that accompany his job. Despite them, however, we did finish the book, a book which we feel is a good one.

Just as past editors have done, I, too, have my share of thank yous to issue.

To the three people most responsible for the compilation of the book, besides the photographers, I can never give enough praise. Trudy Maslonka, J.J. Price, and Linda Napper were always there, ready and willing to get the job done. These three are the ones you should thank for this edition of the yearbook. I also thank them for their patience with a cranky editor. He did mean well.

To the photographers, Larry Logan, John Partipilo, Danny Hamilton, Reggie Oberlag, Rick Bailey, and Bob White, I take off my hat. Some said we wouldn't do it photographically, but I believe we proved them wrong.

To John Atkinson, who gave us some fantastic layouts and artwork, not to mention a few Excedrin headaches, I say thanks. It's been quite a while since the Razorback had an artist of his caliber.

To Cathy, who as business manager handled some of the more unpleasant chores, I also extend thanks and at the same time cross my fingers in hopes that we earned a little money for next year's staff; they're going to need it.

And to the rest of the thirty-odd souls who spent hours of typing, filing, and picture-planning, thanks for your interest and help in making the Centennial edition the best one possible.

And lest I forget Ernie Deane and Virgil Adkisson, to whom the book is dedicated, I thank you for your cooperation and advice. I don't think we could have found any better friends among the faculty and administration than you.

To Skipper Rutherford, trusted confidante and second member of the "publications clique", I say thanks for your confidence and mutual understanding of a fellow editor's plight. Yes, and they thought nobody knew.

To Nowmen Glenn, our faithful representative of American Yearbook Company, thanks for keeping us in line.

And to all the rest who made this chronicle possible, I offer my thanks for the time and interest you displayed. We couldn't have done it without you.

I believe I would be amiss if I also failed to include those who worked against our efforts.

To Dr. William Denman and ASG President Gary McDonald, I have nothing but pity for you. Your efforts to sabotage the Razorback have gained you nothing but ill feelings and mistrust. Need I remind you that the Division of Student Affairs and the present Associated Student Government need the press much more than the press needs them!

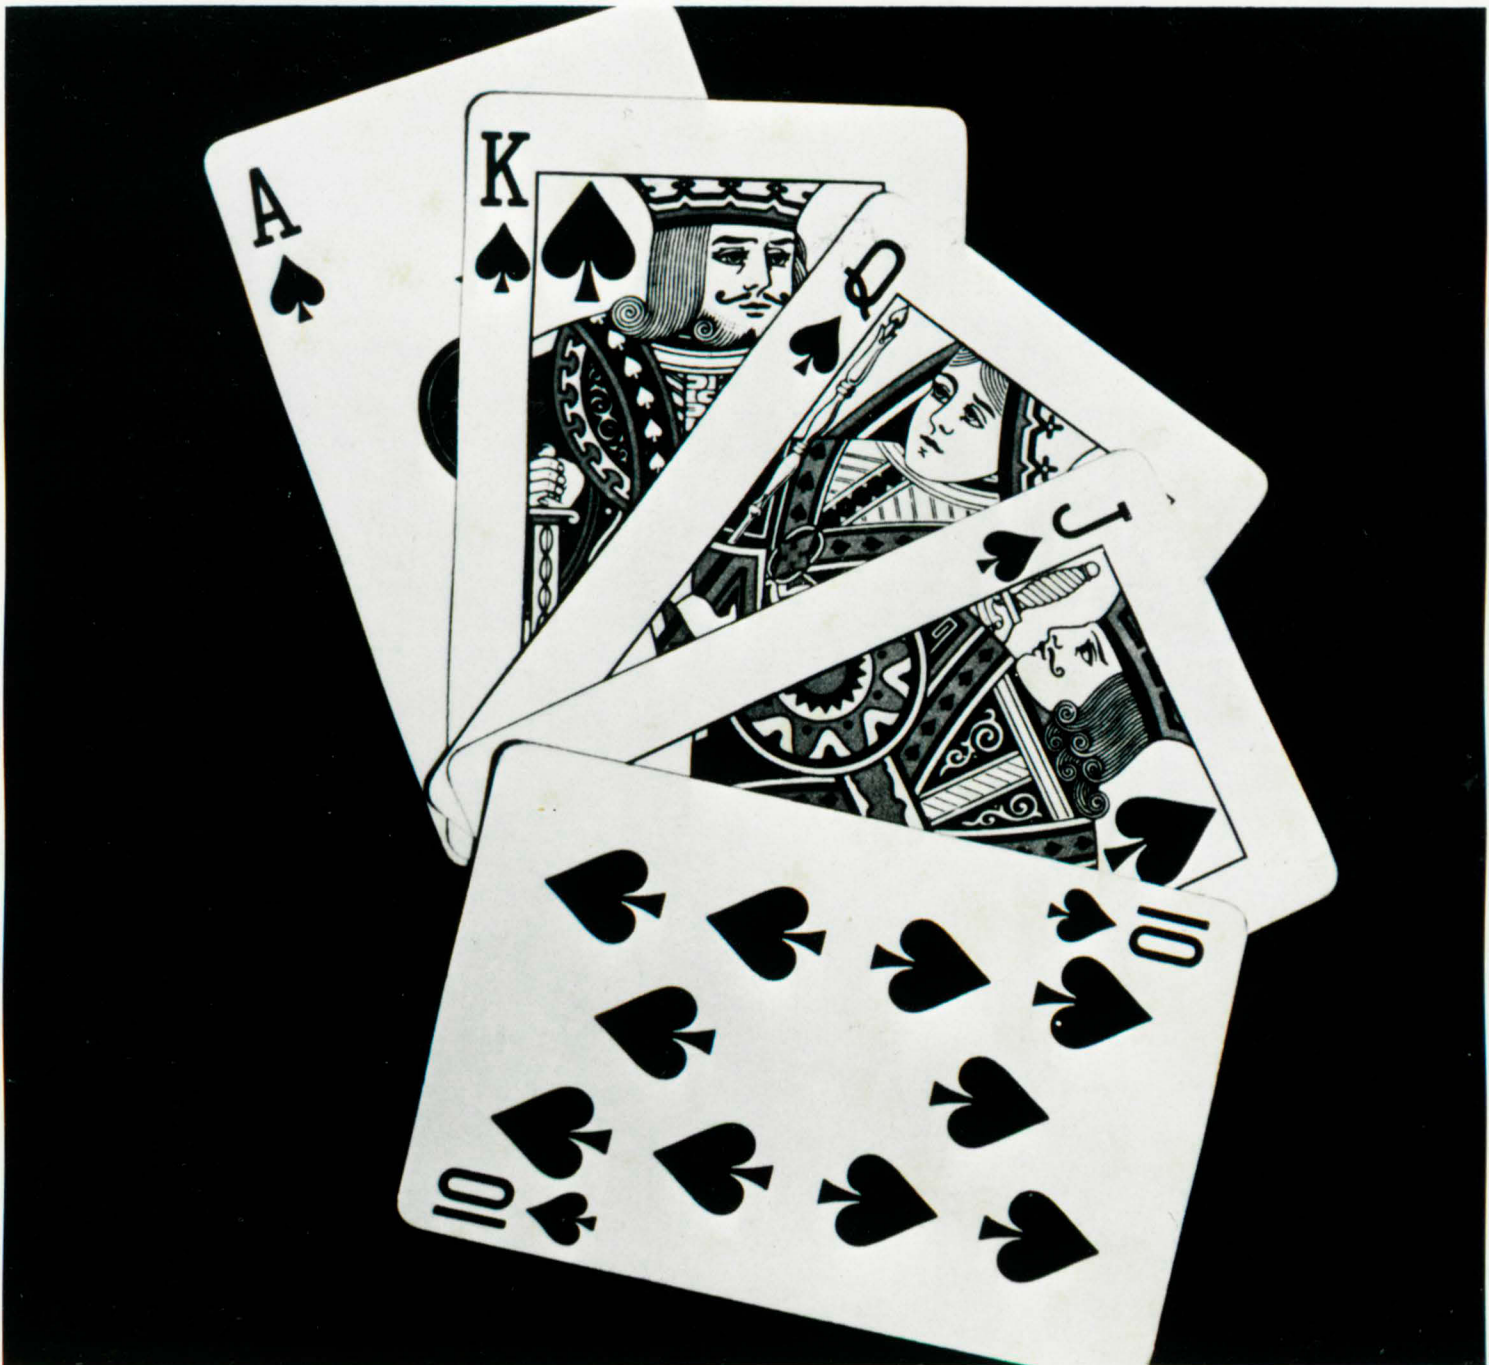

And finally to the student body, I make one request. Examine your copy of the Centennial edition. Then jot down your criticisms and give them to

a Razorback staff member. Only then will student publications on this campus improve.

When you have flipped through the pages of this record book, put it on your bookshelf. I predict that you will refer to it again in five or ten years. Then tell me how much of this year you would have remembered without it. That, my friend, is the value of a yearbook.

Knowing full well that if I had it to do over again that I wouldn't change a thing, I retire as editor, but not in my strong belief in quality student publications on this campus.

And after all, why not?

OH
YES,
THOSE
WERE
THE
DAYS.
